AAF FLANDERS

1 Vapor Trail, Hudson, NY 12534

PHONE: (518) 751-5640

www.aafintl.com

The AAF and Flanders Group of Companies

AAF Flanders, the world's largest manufacturer of air filtration solutions, operates production, warehousing and distribution facilities in 22 countries across four continents. With its global headquarters in Louisville, Kentucky, AAF Flanders is committed to protecting people, processes and systems through the development and manufacturing of the highest quality air filters, filtration equipment and containment housings available today.

AAF Flanders was formed in April 2016, when American Air Filter Co. Inc., doing business as AAF International, acquired Flanders Corp., now a wholly owned subsidiary. The combined company offers comprehensive, innovative air filtration solutions designed to remove and control airborne particulates and gaseous contaminants in residential, commercial, industrial, cleanroom, transportation and nuclear power applications.

AAF Flanders is supported in our international ventures through the resources of our parent company, Daikin Industries Ltd., based in Osaka, Japan, a diversified international manufacturing company and a global leader in air conditioning.

PK-30 SYSTEM, INC.

2452 Lucas Turnpike, High Falls, NY 12440

www.pk30system.com

PHONE: (845) 687-9774

PK-30 System is a meticulously designed and engineered aluminum glazing framework system providing a flexible, beautiful, environmentally friendly and cost effective way to divide interior space. It is suitable for both residential and professional interiors and can be used in widely varying configurations including sliding doors, hinged doors, pocket doors, folding walls and fixed panels. The system accepts any 1/4" or 1/2" thick panel material allowing unlimited design choices. Components are extruded from high-grade 6000 series aluminum alloy with a 62% recycled content, allowing narrow profiles that are rigid and lightweight. Satin anodized finishing gives the material a soft sheen that resists corrosion and is easy to clean. PPG Duracron liquid electrostatic extrusion coating finishing may be specified and is available in a wide range of color options.

TAKASAGO INTERNATIONAL

114 Commerce Drive, Harriman, NY 10926

www.takasago.com

PHONE: (201) 767-9001

Takasago International Corporation was established in Japan in 1920. For nearly 100 years, with a corporate philosophy "Contributing to Society through Technology" in mind, Takasago has developed flavors and fragrances for some of the world's most successful manufactures of foods, beverages, fine fragrances, home and personal care products. We are a global leading company especially in the Asian region.

For over 35 years, we also have been a leading company as the first industrial producer of I-Menthol using our core technology, asymmetric synthesis. The technology enables us to produce unique, novel, and nature-identical aroma ingredients and in addition, to manufacture pharmaceutical intermediates, functional materials, and other fine chemicals.

Nowadays the Takasago Group maintains offices, production sites, and R&D centers in 27 countries and regions. Through our network of global research, production, creativity and marketing, we develop products tailored to the needs of individual markets.

By utilizing our technologies and our global network, we will continue developing high-quality and innovative products that contribute to cultural and social progress.
